<b>Description</b>	The AJ 200 Artist Series 1/2 Size Dreadnought Guitar from Johnson String is a great option for both the beginning guitarist and the traveling musician. The comfortable 1 5/8" nut width and 22 3/8" scale make it easy for children or those with smaller hands to form chords and learn scales. Quality workmanship, ease of playability, and a handsome appearance set these instruments apart from other entry-level guitars on the market today. The AJ 200 features attractive abalone top trim and rosette bordering a Sitka spruce top. We are proud to offer this JSI exclusive to the next generation of master guitarists at an affordable price.				The AJ 205 Artist Series 1/2 Size Dreadnought Guitar from Johnson String is a great option for both the beginning guitarist and the traveling musician. The comfortable 1 5/8" nut width and 22 3/8" scale make it easy for children or those with smaller hands to form chords and learn scales. The AJ 300 Artist Series 1/2 Size Dreadnought Guitar from Johnson String is a great option for both the beginning guitarist and the traveling musician. The comfortable 1 5/8" nut width and 22 3/8" scale make it easy for children or those with smaller hands to form chords and learn scales. Quality workmanship, ease of playability, and a handsome appearance set these instruments apart from other entry-level guitars on the market today. We are proud to offer this JSI exclusive to the next generation of master guitarists at an affordable price.				Introducing the AJ 400 Professional Series Dreadnought Guitar from Johnson String - a professional quality instrument at an amazing price! Based on the timeless Martin D-18, these guitars feature a solid Sitka spruce top with Sapele back & sides. You will love the powerful tone, clean workmanship, and handsome traditional aesthetics of this instrument. The AJ 400 also comes with a soft bag featuring a music pocket and backpack straps, so it's ready to go... comfortably. We are proud to offer this great value to our fellow musicians - available only from Johnson String!		The AJ 500 Grand Concert Steel String Guitar from Johnson String is a limited production model designed especially for the fingerstyle guitarist. The solid Engelmann spruce top and Rosewood body provide for a rich and responsive tone, great for open tunings and solo pieces. Features like a gloss finish and abalone peghead logo & rosette add to the value of the 500 series. The comfortable small jumbo body style is a nice alternative to the larger AJ400 dreadnought, while still maintaining the powerful tone, handsome appearance, and clean workmanship that this line is known for. The AJ 500 also comes with a soft bag featuring a music pocket and backpack straps, so it's ready to go...comfortably. We are proud to offer this great value to our fellow musicians - available only from Johnson String!		The AJ 550 Grand Concert Steel String Cutaway Guitar from Johnson String is a limited production model designed for the performing musician. The Fishman Isys+ pickup with handy on-board tuner sounds excellent at high volume and is so user-friendly - perfect for the open mike enthusiast. With a solid Engelmann spruce top and Rosewood body, it has a rich and responsive acoustic tone as well. Features like a cutaway body, gloss finish, bone nut/saddle, and abalone peghead logo/rosette further add to the value of the 550 series. Powerful tone, handsome appearance, and clean workmanship at an amazing price - the 550 allows you to leave your expensive guitar at home and concentrate on the music! The AJ 550 also comes with a soft bag featuring a music pocket and backpack straps, so it's ready to go...comfortably. We are proud to offer this great value to our fellow musicians - available only from Johnson String!
